

The skin barrier that really works!

Durable · Flexible · Affordable

Choose from our four styles

Discs - Paste Strips - Wafers - Washers

Like a second skin, this Barrier was developed of special materials; designed to provide the most comfortable skin protection and seal available.

It flexes when you flex, yet keeps a long lasting secure seal. Combined with exceptional strength and durability it can actually decrease your costs.

*For over 50 years we have designed and manufactured quality ostomy products
You owe it to yourself to try this Skin Barrier.*
